

September 2021

Dear Parents,

Welcome back! We hope you had a lovely summer.

We are really looking forward to this academic year and to making a difference to every child in our care. We are determined to be outward facing and provide the best education.

I loved reading this quote during the summer:

*The Dalai Lama says there are 2 days in the year when nothing can be done...
One is yesterday and the other is tomorrow...
So today's the day...let the adventure begin!*

Look out for and ask your child about.....

Nurture from the first step

Every class this week will be introduced to our new daily 'meet and greet'.

We believe every child should be individually acknowledged and welcomed at the start of each day.

The first beats

We will also be launching our 'Woodhall Welcome'.

Every class will start the day with activities such as singing, dancing, chatting, questioning, reflecting, looking at positive quotes, sharing stories of motivational people, mindfulness and discussing what they can or have achieved that week. This will set the culture and tone for the rest of the day.

Do come and introduce yourself and say hello. School starts at 8.50am.

I look forward to meeting you and keeping you informed of everything at Woodhall.

Kind regards,

Lisa Tweed

Executive Headteacher
